A PLANET IN SPACE IS EMBARKING ON A SECOND TOUR FOR DEBUT E.P., *As the Pieces Come Together*.

After a highly successful East Coast tour in January to support the release of their debut EP, the Melbourne quartet is returning to appear throughout May at venues from Byron Bay to Brisbane.

The unmistakable sound of **A Planet in Space** blends roots, rock, reggae, folk, soul, drum-and-bass, hip-hop, punk, dub, metal and improvisation into seamless, exhilarating musical narratives.

The lineup proudly boasts two full drum-kits and two guitarist-vocalists as well as an array of other electronic surprises.

Critics and punters alike are raving about their debut E.P. and passionate live performances:

"Absolutely fantastic... I have this one on high rotation. Ridiculously highly recommended. 4.5 well-groomed goatees out of 5" - The Dwarf

*"Absolutely awesome. Like **The Mars Volta** bring Latin style to progressive rock, these guys have brought Reggae with a fantastic result." - 100 Gigs*

*"**A Planet in Space** create exactly the kind of genre-hopping mash-up that is the scourge of pigeon-holing music journalists and narrow-minded enthusiasts of dispensable pop; and it is precisely this mix of styles and genres that makes them sound so new and thrilling." - Als Rant*

The debut E.P. from **A Planet in Space** is available online as CD, MP3 or high quality FLAC from their website. Their interstate tour kicks off with the opening night headline spot on **Friday, May 1st** at Nimbin's **MardiGrass Festival** and takes the group throughout NSW and Queensland.
